- the Council's commitment to training and development
- the identification of training and development needs
- financial assistance
- study leave
- short courses/workshops
- evaluation of provision
- links with other policies
- reporting on progress.

1.2 The objectives of this policy are to:

- encourage councillors and staff to undertake appropriate training and development.
- allocate training in a fair manner.
- ensure that all provision is evaluated in order to judge its value to both the Council and individuals.

2. Commitment to Training and Development

2.1 Willoughby Parish Council is committed to the ongoing training and development of all councillors and staff, to enable them to make the most effective contribution to the Council's aims and objectives, in order to provide the highest quality representation and services for the people of the parish.

2.2 In this policy document training and development are defined as follows:

- **Training** is a form of development which specifically addresses the acquisition and development of new knowledge and skills, or fills gaps in existing knowledge and skills, both of which are required for adequate performance in the workplace (i.e. the Parish Council).
- **Development** is a short-form for people development, which can involve a wide range of learning activities (including training) all of which are aimed at improving and sustaining workplace performance in terms of knowledge, skills and behaviours.

2.3 Willoughby Parish Council recognises that its most important resource is its staff and councillors, and is committed to encouraging the enhancement of their knowledge and qualifications through appropriate training and development.

2.4 The Council expects its staff to undertake a programme of continuing professional development (CPD) in line with the requirements of their requisite professional bodies.

2.5 Providing training and development realises a number of benefits:

- improves the quality of services and facilities that the Council provides
- enables the Council to achieve its aims and objectives
- improves the skill base of both staff and councillors, leading to confident, qualified people who are able to operate as part of an effective and efficient team
- demonstrates that both staff and councillors are valued as individuals and as members of a team

2.6 Training and development will be achieved by including a realistic financial allocation in the annual budget, as well as taking advantage of any relevant partnership or available in-house provision.

2.7 The process of provision will be as follows:

- Training and development needs will be identified by considering the overall objectives of the Council in conjunction with the requirements of individuals.
- Appropriate training and development will be planned and organised to meet these specific needs.
- Where necessary, training and development will be designed and then delivered to those who require it.
- The effectiveness of the training and development will be evaluated.

3. The Identification of Training and Development Needs

3.1 Staff and Councillors will be asked to identify their training and development needs as follows:

- at any point during their tenure
- as a result of Parish Council and/or group meetings

- 3.4 Staff and councillors who wish to be nominated for training and development provision should discuss this, in the first instance, with either their line manager or the Clerk (as appropriate) upon which it will be determined whether the training and development is relevant to the Council's needs and/or service delivery.
- 3.5 Appropriate training and development will be necessary to ensure that both staff and councillors are aware of their legal responsibilities or the Council's requirements e.g. health and safety, risk management, employment law and equal opportunities. Both staff and councillors will be required to attend training courses, workshops or seminars, where suitable provision is identified.
